Degreaser Power Clean

RXSOL Degreaser Power Clean is a heavy duty, concentrated, acid free industrial degreaser and cleaning product specially formulated for fast removal of heavy grease, oil, petroleum derivatives, fats, lipids, proteins, sugars, dirt, grime and other organic and hydrocarbon based soils from heavily contaminated surfaces. Degreaser Power Clean contains a well balanced mix of emulsifiers, surfactants and cleaning agents that penetrate and loosen stubborn deposits so that contaminants can be easily removed by wiping, rinsing or pressure washing. Its advanced formulation offers flexible cleaning action for a broad spectrum of industrial, marine, oil & gas, automotive, institutional and maintenance applications.

RXSOL Degreaser Power Clean is acid free, non flammable, water soluble and biodegradable. It is formulated for effective cleaning and is safe for use on a wide variety of materials including metals, glass, rubber, vinyl, plastic, fiberglass and fabric when used according to recommended dilution and application procedures.

### Features

- Heavy-duty cleaning performance on heavily soiled metal parts.
- Effectively removes grease, oil and hydrocarbon deposits.
- Removes organic soils and petroleum derivatives.
- It acts on fats, lipids, proteins and sugars.
- Powerful blend of emulsifiers and surfactants.
- Penetrates and loosens dirt, grime and hardened grease.
- Soil can be wiped off or washed off
- Can be used for hot and cold pressure washing.
- Can be applied by spray, brush, mop or immersion.
- Ideal for ultrasonic cleaning tanks.
- Ideal for cleaning in warm and cold immersion systems.
- Acid-Free.
- Not ignitable/ Non flammable.
- Water-soluble, easily washed out.
- Biodegradable compound.
- Moderate foaming properties.
- Helps prevent over-foaming during cleaning.
- It has corrosion-inhibiting properties to prevent flash rusting.
- Suitable for a wide variety of industrial and institutional uses.
- Suitable for use on metal, plastic, rubber, concrete and other surfaces.

### Properties

| Parameters             | Values                                            |
|------------------------|---------------------------------------------------|
| Appearance             | Pale Yellow Orange (Depends on Raw)               |
| Use                    | Degreaser                                         |
| Odour                  | Pine - Orange                                     |
| pH                     | Alkaline                                          |
| Flash point            | Not applicable, Non Flammable                     |
| Flammability           | Non flammable under CHIP Regulation 1993          |
| Viscosity              | 1.7 cst                                           |
| Relative density       | 1.0391 ± 1.0491                                   |
| Solubility             | Complete in water. (Emulsifies with hydrocarbons) |
| Stability              | Stable                                            |
| Aquatic Toxicity       | Non Toxic                                         |
| Materials to avoid     | ACIDS                                             |
| Protective gloves      | Rubber or Chemical resistant gloves               |
| Eye Protection         | Chemical Splash Proof Goggles                     |
| Respiratory Protection | Dust/Mist Mask                                    |
