Application :::

3 Pieces of Good Advice Apply RXSOL-41-4148-020 on WET surface only, Do not let dry the product on surfaces without rinsing.

When applying RXSOL-41-4148-020 on vertical surfaces: Start application from the bottom and work upwards! If beginning from the top and going downwards, the RXSOL-41-4148-020 may produce "channels" down the surface, thereby running too fast off the surface.

During high pressure cleaning:It is important that the rinsing water does not run over non-cleaned surfaces! The rinsing water can draw line channels from the surface if running over non-cleaned surfaces. High pressure together with optimum concentration of RXSOL-41-4148-020 will give the best effect.

If necessary, scrub the surface to remove tough deposits. Rinse thoroughly with water. Do not let dry the product on surfaces without rinsing.
